OUR REFERENCES

**Maria Cicioc, Deputy Director
UNICARM**

We appreciate the ASiS Salaries application as suitable, functional, accesible and competitive one for UNICARM and we congratulate the team Soft Net Consulting for their professionalism, dedication and reliability.

**Miriana Rosu, Purchasing Specialist,
AUTO ALEX**

The e-Commerce platform has allowed us to integrate all operations into one platform, from sales, purchasing, procurement, warehouse management and accounting.

Thus, we benefit from automatic synchronisation of orders, invoices, prices and stocks between the online shop and the ERP system, which allows us to process and deliver orders faster and offer customers accurate information.

**Angela Feieș, Commercial Manager
AGIL**

By using ASiS we have a better visibility on the market and a more efficient management of our own shops. Throughout the project we appreciated the willingness shown by our partner Soft Net Consulting, who was willing and able to tailor the ASiS system to our specific requirements.
